

AF EDG-JEDMICS -PRIDE

Meeting

WELCOME

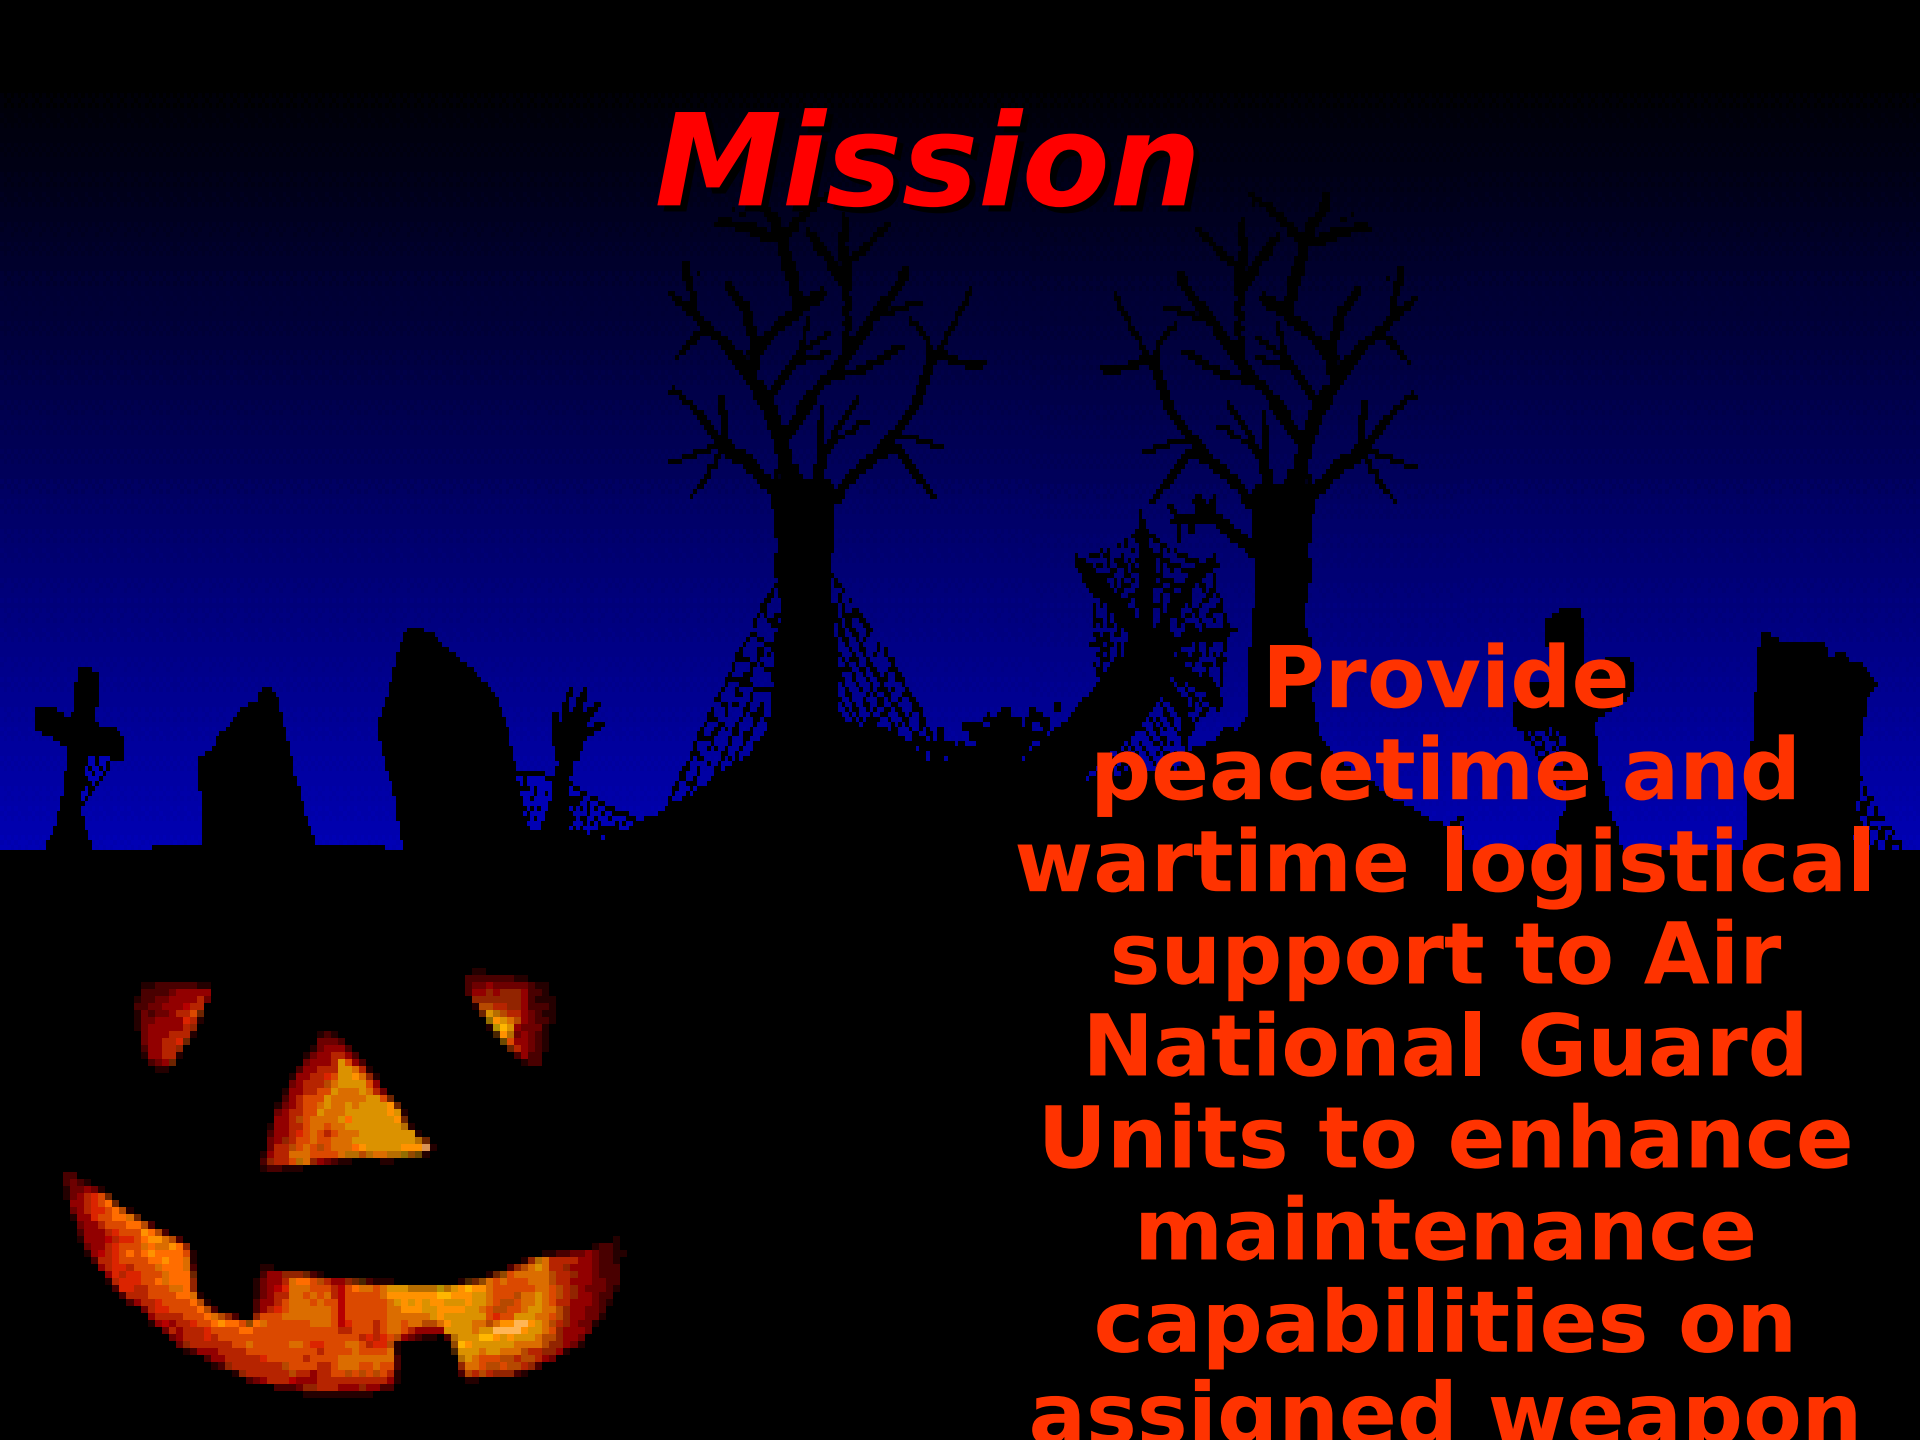

Air National Guard
"2002 Update"

ang-jedemics@attbi.com

Mission

**Provide
peacetime and
wartime logistical
support to Air
National Guard
Units to enhance
maintenance
capabilities on
assigned weapon**

A spooky night scene with a full moon, bare trees, and tombstones. The background is a dark blue sky with a large, bright, pixelated full moon in the upper left. Silhouettes of bare trees and tombstones are visible against the sky. The title text is overlaid on this scene.

JEDMICS Remote User Access

**226 Remote Users - 86 Units
(Includes 1-GSU)**

**(3-new applications have been submitted
with a 4th pending)**

ANG JEDMICS Access Process

Let's See-
Clearance
current? If not
must perform
a PR: 10-yr for
Secret and 5-
yr for Top
Secret -
O.K.

ANG JEDMICS Training Program

- **45 Units - Trained**
- **24 Students last 3 classes**
- **15 Units represented**
- **Next class - April 2003**
 - **? Jan/Feb Topeka, KS**

ANG JEDMICS Training Program – 2 Haunting Days

- **Objective:**
 - Understanding what JEDMICS is, it's capabilities, access and obtaining engineering drawings.
- **Information Tools:**
 - AFMAN 21-407, ANGI 21-407, T.O. 00-20-3, ANG JEDMICS related web sites, Users Manual, and MEDALS
- **Demonstration:**
 - PC configuration, single/multiple downloads, viewer, manipulation of data, saving and deleting files, changing PW
- **Exercise 1 – Set-up**
 - JMXLiTe32 and LTView32 download, configuration, and definitions.
- **Exercise 2 – Single Image Retrieval**
 - EDSC access. query, download, retrieval all or select images, viewer/acrobat auto-launch
- **Exercise 3 – Multiple Image Retrieval**
 - Process similar to single image retrieval
- **Exercise 4 – Web JEDMICS**
- **Exercise 5 – Practical**
- **MEDALS demonstration**
- **Security**

ANGI 21-407

- Continue to implement the AF Integrated Product Data Environment (IPDE) strategy in supporting the War Fighters with universal access to digital data that will support weapon systems throughout their life cycle.
- Principal object is to provide detailed guidance for the implementation of AFMAN 21-407 policy.
- Ensures standard practices are implemented and applied throughout all ANG units.
- Responsibilities
 - ANG/LGM at the Readiness Center through the Unit POCs
- JEDMICS access procedures
- ANG Training Program

SECURITY - Protection & Investigation

■ Engineering Data-

- **Proprietary**-Protect information not owned by the US Government and protected by a contractor's "limited rights" statement, or received with the understanding that it not be transmitted outside the US (Export Control Statement)
- **Limited Rights**-A statement that implies that the US Government and/or its representatives will not divulge specifications that would allow unauthorized individuals/companies to duplicate the data.

■ Security Information required for JEDMICS access

- Clearance level (Secret/Top Secret)
- Type of Investigation (ENAC/NAC/ANACI/SSBI/SSBI)
- Date of Investigation
 - PR (Periodic Reinvestigation)
 - **Secret - 10 years**
 - **Top Secret - 5 years**
 - **Pending**

SECURITY -PKI

- **CAC (Common Access Card)**
 - 2000 and NT OS
 - Issue new ID cards
 - **Implementation In-Process**
 - Win95 and 98 phased out
 - Allows System By-pass
 - **Fully Implemented - NO access**
 - Approximately 1-year or less

HALLOWEEN

ANG Issues

- **C-130 “J” Series**
 - **Baltimore MD - lead ANG Unit**
 - Quonset, RI
 - Channel Islands, CA
 - Harrisburg, PA
- **JointSTARS**
 - 116ACW, Robins AGB, GA
- **C-17**
 - 2 dementional vs MBD
 - Training
